Compensation

Receive a salary tailored to your expertise and qualifications.

Job main purpose

Accelerate and diversify the development of CEHTRA in the Biocides regulations, in coordination with the Biocides market leader. Take advantage of CEHTRA's innovative digital tools to offer differentiating offers to customers.

Key missions

- Manage biocides products dossiers, product family dossiers, and active substance dossiers to ensure compliance with European Biocides Regulation (BPR) or global legislations
- Build and maintain strong relationships with customers, delivering tailored regulatory strategies and advice
- Contribute your knowledge of biocides regulations in regions like the US, Latin America, or Asia, adding global value to our offerings.
- Be part of a team of multidisciplinary experts while enjoying the autonomy to manage regulatory projects effectively

Your profil

Academics

Holds a degree in chemistry, microbiology, or a related scientific discipline.

Experience

Brings a minimum of 5 years of experience in a similar regulatory affairs role.

Skills

- Confident in customer relationship
- English fluent (French is a plus but not essential)
- Project management

Team spirit

- Team settings
- Be proactive
- Take on challenges
- Organizational skills
- Autonomous

Position open to people with disabilities: flexible recruitment process (videoconferencing), teleworking possible and flexible working hours.
